**Mine Workers to Accept Terms  
of Employers.**

**THE AGREEMENT IS RATIFIED**

Tri-District Convention Unanimously Approves That Reached by Their Representatives With the Operators and Authorizes Them to Sign It in Philadelphia—Mine Workers' Union Not Recognized.

Scranton, Pa., April 29.—After weeks of consideration and much conferring the final stage work of settling the differences between the anthracite mine workers and their employers has been reached and today is expected to see the end of the controversy. The tri-district convention of the union miners here unanimously approved the three-year agreement reached by their representatives with the operators and authorized them to sign it today in Philadelphia. The agreement is identical with the one signed three years ago in New York with the following additional conditions, which the operators have conceded the men:

"The rate which shall be paid for new work shall not be less than the rate paid under the strike commission's award for old work of a similar kind or character.

"The arrangement and decisions of the conciliation board permitting the collection of dues on the company property and the posting of notices thereon shall continue during the life of this agreement.

"An employee discharged for being a member of a union shall have a right to appeal his case to the conciliation board for final adjustment.

"Any dispute arising at a colliery under the terms of this agreement must first be taken up with the mine foreman and superintendent by employee or committee of employees directly interested before it can be taken up with the conciliation board for final adjustment.

"Employers shall issue pay statements designating the name of the company, the name of the employee, the colliery where employed, the amount of wages and the class of work performed."

The United Mine Workers' union under the agreement is not officially recognized, the miners having waived this demand. The agreement will be signed by the members of the miners committee of seven without any official reference to the organization.

## TALKS ON LUMBER SCHEDULE

**Senator Simmons Discusses the Tariff Bill.**

Washington, April 29.—An exhaustive treatment of the lumber schedule of the tariff bill by Mr. Simmons of North Carolina was the feature of the session of the senate. Mr. Simmons spoke for three and a half hours in support of the retention of the present tariff which, he maintained, was but a revenue rate. Several times the national Democratic platform of 1908, which declared for free lumber, was injected into the discussion by Republican senators and Mr. Bacon of Georgia remarked that he was not bound by declarations written into a platform at midnight by a few interested men. Burkett of Nebraska, whose home city is Lincoln, sought to state when the Democratic platform actually was drawn, but Mr. Simmons refused to yield time to prolong that discussion.

Mr. Brown of Nebraska advocated a constitutional amendment for the collection of an income tax thereby placing it beyond the power of the courts to further hold that such a tax was not constitutional.

After a brief executive session the senate adjourned.

### Taft to Witness Races.

Boston, April 29.—President Taft has signified his intention of witnessing the international yacht races between American and German boats, to be sailed off Marblehead the first week in September. The president's newly selected summer home at Beverly is only three miles from the starting point of the races. These races are between boats of the Sonder class.

### Beach Hargis Guilty.

Lexington, Ky., April 29.—Beach Hargis is nearer the gates to a penitentiary than he ever was before. The jury at Irvine, Estill county, found him guilty of the murder of his father, Judge Hargis, for years leader of the Breathitt county feud faction, and sentenced him to the penitentiary for life. A new trial will be requested.

## REPUTATION TO BE SACRIFICED

**That of Mrs. Claudia Hains to  
Be Torn to Shreds.**

**IN ORDER TO SAVE HUSBAND**

Fair Name of Defendant's Wife Will Be Dragged in the Mire—General Peter C. Hains, Father of the Prisoner, Will Be the First Witness for the Defense—Insanity Pleaded.

Flushing, N. Y., April 29.—General Peter C. Hains, the defendant's father, will be the first witness called today as the defense for Captain Peter C. Hains, Jr., begins its attempt to establish the insanity of the young officer who shot and killed William E. Annis at the Bayside Yacht club last August. The trial moved with marked dispatch and when court adjourned former District Attorney Eugene N. Young had completed his opening address, vividly outlining the defense to the jury, while in the five hours previous the prosecution put in its case to establish proof of the crime.

General Hains will be followed by Major Hains, the captain's brother and then by some thirty witnesses, all of whom will testify concerning Captain Hains' irrational acts following the revelations of his wife's alleged infidelity and her associations with Annis.

Thornton J. Hains, the defendant's brother, who was tried and acquitted of complicity in the shooting of Annis, is expected to be in court as an important witness for the defense.

The question of appointing a lunacy commission was not approached.

Captain Hains showed little emotion during his counsel's vivid narration of his life and marital troubles. But when Mr. Young spoke of the captain's three small children, he bowed his head on the counsel table for a brief moment, appearing to realize his grief.

Not a shred of reputation is to be left Mrs. Claudia Hains if the telling of it by witnesses will help to save her husband.

This was demonstrated in the opening address for the defense made to the jury by Eugene L. Young, one of the junior counsel for the defense. Those who believed that the limit or blackness had been reached in the pictures the attorneys painted to save Thornton Jenkins Hains were surprised at the new depths of matrimonial mire touched in the captain's behalf.

Throughout the hour-long story of the Hains family troubles and weaknesses the aged general, father of the defendant, wept bitterly. During almost the whole recital, from the time his wife's illness was first mentioned, he kept his face covered with a handkerchief.

## PRESIDENT TAFT PRESENT

**Attends Exercises Over Remains of Major L'Enfant.**

Washington, April 29.—After remaining unnoticed for nearly a century beneath the soil of an obscure Maryland farm, the body of Major Pierre Charles L'Enfant, the French engineer who remodeled the city hall in New York and who designed the national Capitol, was removed to the Arlington national cemetery after an impressive ceremony at the Capitol.

The body was taken under military escort to the Capitol, where it lay in state until the hour for the exercises. President Taft, accompanied by Mrs. Taft, was present.

Vice President Sherman and Ambassador Jusserand of France paid tribute to the memory of Major L'Enfant and spoke of the work of the French officer, particularly as it affected the building up of the city of Washington. Gathered about the bier were representatives of the Society of the Cincinnati, whose emblem was designed by L'Enfant. Other patriotic and civic organizations also were represented.

## ONE KILLED BY TORNADO

**Ten Others Injured by Storm in Kansas.**

Wichita, Kan., April 29.—One person was killed and ten injured by a tornado which wrecked a large portion of Douglas, Kan. The storm spread over a wide area, doing much damage to farm property.

Lewis Ayres, seventy years old, was killed. Mrs. J. J. Jones was seriously injured.

Between Rose Hill and Douglas many houses were blown down. Three school houses were completely demolished.

# Whew!!!

Of course the weather is unpleasant and takes all thoughts of spring out of your mind. While thinking this also remember that a good spell of weather always follows such as we are having today and prepare to come to "Michael's" for spring wearables as soon as this is over.

## WHITLA TO GO ON WITNESS STAND

**Father of Kidnapped Boy Will  
Testify for Defense.**

Mercer, Pa., April 29.—It is now asserted that James P. Whitla, father of the abducted boy, will be the principal witness for James Boyle, whose trial is to begin Friday. It was stated that the defense, through a line of questioning of Mr. Whitla, hopes to produce an impression that will result in a minimum punishment.

It is alleged that Mr. Whitla knew Boyle was connected with the abduction at noon of March 25, and that he talked with Boyle on a street corner near the store of Mrs. Hendrickson, where a few moments before he had left the package containing the \$10,000 ransom money. Further, the report goes, Mr. Whitla assured Boyle that all he wanted was the safe return of the boy and that he would not interest himself in any prosecution.

Whitla is said to have informed Boyle that he could remain in Cleveland or go where he pleased, but in any event "he would be as tight as a clam," if the boy was returned unharmed. Following this conversation Willie was restored to his father that evening.

It is also said Boyle will endeavor to prove that he was not in Pennsylvania when the boy was kidnapped and it is believed an attempt will be made to fasten the actual crime on a third party at present not generally known. Another story is in circulation that Boyle was merely the tool for others.

Following the publication of an interview with Boyle to the effect that no effort was being made to assist him in working up a defense, his attorney had a long conference with him and plans were perfected for his trial.

## WILL OFFER A LARGE PURSE

**Goldfield Wants the Jeffries-Johnson Fight.**

Goldfield, Nev., April 29.—A mass meeting of 1,000 citizens decided that Goldfield should offer \$50,000 for a fight between Jack Johnson and James J. Jeffries to take place in the latter part of September during the session of the mining congress.

Before the meeting adjourned \$10,000 of the amount had been pledged and the further decision reached that should \$50,000 prove too small a purse to attract the big fighters any sum within reason would be offered. When the subscription list is completed a formal offer will be made to the fighters.

### War Governor Dead.

Battleboro, Vt., April 29.—Frederick G. Holbrook, former governor of Vermont, the oldest ex-governor in the country and one of the last of the Civil war executives, is dead, aged ninety-six years.

## TAFT STATES HIS POSITION

**President Outlines Attitude Toward Spanish War Veterans.**

Washington, April 29.—Any possible doubt as to President Taft's attitude toward the veterans of the Spanish-American war was removed when in a letter written to Commander Rausch of the department of the District of Columbia, United Spanish War Veterans, he expressed the utmost good will and highest appreciation of the work performed by that body of men in the late conflict with Spain.

Commander Rausch had requested from the president an expression of good will for the soldiers of '98 which could be conveyed to the membership throughout the country. Many of the veterans, declared the commander in his communication to Mr. Taft, especially prior to the last election, expressed doubts as to the attitude the president would assume toward the veterans of the Spanish war and that some expression would be appreciated, not only by those who were skeptical as to his attitude, but also by those who supported him.

"I cannot imagine," declared the president in response, "the basis for the suspicion that my attitude toward the veterans of the Spanish war has been other than of the utmost good will and the highest appreciation of the work which has been done by them in a war the importance of which we have hardly yet begun to measure. The exposure to which those who went to Cuba, Porto Rico and the Philippines were subjected, the trials of the campaign in the tropics, the self-restraint and power of initiative required in the individual soldier, all entitled the veterans of the Spanish war, including those in the Philippines, to the lasting gratitude of the country. With my knowledge of the difficulties that the armies in Cuba, Porto Rico and the Philippines had to contend with, I am the last man to minimize the debt owing to them for the work which was done."

"H'm, but you've mistaken the day. I've been waiting here since yesterday."

## THOUSANDS WERE BURNED TO DEATH

**Armenians Massacred by Turkish Troops at Adana.**

London, April 29.—A special dispatch from Mersina says:

Two Turkish regiments which landed here Saturday, proceeded to Adana, where they resumed, late Sunday night, the wholesale murdering of Armenians and the burning of their property. Thousands were burned to death, while those who attempted to escape were shot down by the troops. The destruction of the town of Adana is complete.

The loss of life in the whole province of Adana is estimated at 29,000. The losses of Europeans in property are enormous. The British and foreign warships here are inactive. Four Germans previously reported as having been killed at Bakdjeh have arrived at Mersina. All the Armenian population at Bakdjeh has been massacred.

### DRAWN INTO THE SCANDAL

Names of John R. Walsh and Fred M. Blount.

Chicago, April 29.—The names of John R. Walsh, former president of the Chicago National bank, who is under a five-year sentence for misapplying the funds of that institution, and Fred M. Blount, Mr. Walsh's business and political associate, were drawn into the Peter Van Vlissingen forgery scandal.

Mr. Van Vlissingen, who was brought up from the penitentiary at Joliet to explain his assets before a referee in bankruptcy, and who had testified that Bernhard Rosenberg and Maurice Rosenfeld, Chicago capitalists, had knowledge of his practices as early as 1904 and had compelled him to carry out more forgeries in order to pay them, was asked this question by Attorney Lessing Rosenthal, representing the two accused financiers:

"What information did you get before or subsequent to Nov. 6, 1908 (the day that Van Vlissingen confessed to his crimes to the state's attorney), that John R. Walsh and Fred M. Blount knew of your illegal practices?"

"I had no knowledge prior to that date," witness responded. The question plainly excited Van Vlissingen.

"Well, subsequent?" persisted Mr. Rosenthal.

"If you would permit me to talk with you I think you would withdraw that question," faltered the witness.

"I have nothing to conceal, but a conference can do no harm," said Mr. Rosenthal.

A conference was then held, after which Mr. Rosenthal asked:

"Were any facts disclosed to you prior to your exposure to show you that either John R. Walsh or Fred M. Blount knew your secret?"

"No," replied Van Vlissingen.

"Did anyone know it beside Rosenberg and Rosenfeld?"

"Not to my knowledge."

At the close of the day's session Van Vlissingen, in the presence of his counsel, made this statement:

"It is most unjust that Mr. Walsh's name should be dragged into this trial for some purpose not evidenced. Lessing Rosenthal, attorney for Rosenberg and Rosenfeld, came to the penitentiary Jan. 25 and informed me that Walsh knew my secret."

### TWO CHILDREN CREMATED

#### Burned to Death in Fire That Destroys Their Home.

Sturgis, S. D., April 29.—The house of William Reidman, two miles south of Sturgis, caught fire and burned to the ground, burning to death a boy two years old and a girl four years old. The father and mother and two other children were out in the field planting potatoes when the fire was discovered and could not get to the house in time to save their children from cremation, as the building was burned and the fire was beyond control on their arrival.

The father made several vain attempts to save his children and in doing so was burned about the head and face. The charred remains of the victims were recovered after the fire was low enough for neighbors to reach them.

#### Held as Counterfeiter.

Denver, April 29.—Frank Bruzzell, sixty-five years old, was arrested by federal secret service men suspected of being about to float counterfeit bills in Denver and other Colorado towns. In his possession were found a number of negatives of bills of various denominations. Bruzzell came here from St. Paul. He says he is a Minnesota lumberman.

#### Physician's Residence Looted.

New York, April 29.—Mrs. Louise Mann, wife of Dr. C. M. Mann, was bound and gagged in her home by a strange man who entered while she was alone in the house. He had begun to ransack the place when frightened away by two bulldogs. Dr. Mann said that \$500 worth of jewelry and silverware was missing.

#### Village Seems Doomed.

Peoria, Ill., April 29.—Fire which broke out in the large general merchandise store of G. W. Hermann at Bartonville, five miles south of Peoria, is spreading rapidly and several residences are in flames. A heavy wind is blowing and the village seems doomed.

#### Bowman Defeats Gardner.

Chattanooga, Tenn., April 29.—Billy Bowman of Chattanooga was given the decision over Gus Gardner of Philadelphia in the sixth round of a scheduled eight-round bout at the Hippodrome.

STATISTICS show that it costs twice as much to convert a sinner in Minneapolis as it does in St. Paul. Whether this is on account of the difference in the degree of sin, is not stated.

The two leading clubs of St. Paul, the Commercial and the Minnesota, have decided to take out liquor licenses since the "club bill" failed to give them the right to sell liquor without a license.

A WASHINGTON telegram announces that Congressman Lindbergh has selected E. E. McRae of the Alexandria Post-News, for appointment as supervisor of the census for the Sixth district. Mr. McRae is well equipped to fill the position and under his supervision the district will get a square count.

It is rather a ticklish matter to sign your wife's name to a communication provided the party addressed lets Uncle Sam know about it, as a Kansas City man who was recently sentenced to a year in jail for the offense can attest. It is somewhat more binding to sign your wife's name to love epistles when you have no wife, as the postoffice department understands that in either case the mails are being used to deceive if not defraud.

SOME ambitious news monger has been circulating a statement through the medium of the press that lodges would not be allowed in future to notify their members of the monthly assessment for dues on postal cards through the mail, claiming that the postoffice department held it was a dun and came under the classification which will not allow one person to send another a postal card along certain lines, containing the request for the payment of a debt. No such ruling has been made by the department.

WANTS TO HAVE  
SCHOOL DISTRICT

New Town of Cuyuna is Petitioning for Establishing of District There

WANT SCHOOL THIS SPRING

Rogers-Brown Ore Company to Furnish and Fix Building for Temporary Use

SPECIAL TO THE DISPATCH:

Cuyuna, April 29.—It is now pretty nearly settled that Cuyuna will have a school, and that right away. The Rogers-Brown Ore company has set a crew of men at work remodeling one of the sleeping camps into a temporary school building. The company will donate the material and labor necessary to transform the camp into a comfortable school room and the district, which has plenty of money in the treasury, will be asked to furnish a teacher for two or three months this spring. The house in the present district is three and one-half miles from the mine and has only two scholars near the school, while there are about 25 at the mine and on the town site of Cuyuna adjoining. A meeting has been arranged between the residents at the mine and the rest of the district for next Saturday evening, May 1st, to discuss the matter. A movement is already under way for the organization of another school district and the erection of a school house at Cuyuna. The auditor of state has promised the loan of the necessary funds to erect a suitable building as soon as the district is organized. From present indications there will be at least a two room building needed by next fall.

DEERWOOD NOTES

Mrs. B. Magoffin, Jr., was a Brainerd visitor between trains on Wednesday afternoon.

L. W. Thabes, of Brainerd, was in the city Wednesday afternoon on business.

The Rogers-Brown Ore company defied luck and the hoodoos and "skidooed" into their handsome new offices on Friday, April 23. They have handsome and commodious quarters, but it is freely predicted that they will outgrow even these rooms within the next few years.

E. Masson, the Northern Pacific station agent, is moving his family into the J. H. Lichter residence in the west part of town, in order that the way might be clear for the improvements to the Northern Pacific depot. The living rooms will be taken out of the depot and it will be rebuilt so as to give waiting rooms for both ladies and gentlemen. An umbrella shed will extend east of the depot to a new freight house which is to be erected. The crew of carpenters which is to do the work is now at Rosburg and is expected in Deerwood about the middle of May.

Carlson Bros. had to kill a valuable horse on Wednesday as the result of a runaway. The horse became frightened while being unhitched, back of the store and ran into the front of Oberg Bros. ice cream parlors, breaking the glass in the window and the door. It then ran to Wm. Elmore's blacksmith shop where it fell and broke its leg. The horse was a young one and the loss is a serious one.

Mrs. Gyde, of Aitkin, was in the city on business Wednesday.

John Oberg and N. P. Emil Carlson went to the twin cities Friday on business.

Mrs. H. J. Hage returned from the twin cities Saturday night. While in the cities Mrs. Hage and Miss Howe purchased a handsome line of trimmed hats for the spring trade.

Fred J. Thomas, of Brainerd, has arrived in Deerwood to take charge of the lumber yard of the Mahlum Lumber Co., at this place. The office building is now enclosed and but for the storm of Wednesday would be nearly ready for occupancy. It will probably be several days before things are gotten in shape to do business.

Dr. R. J. Sewell will soon commence the erection of a cottage on the residence lot recently purchased by him. He will also erect a store building this summer on the lot which he bought west of the hotel.

Rumor has it that Culver C. Adams will erect a residence on the shores of lake Reno, adjoining that of his father, Cuyler Adams in the near future. Duluth papers recently announced the engagement of Mr. Adams to an eastern young lady, setting the date of the coming marriage for this summer, which lends color to the rumor as to the new residence.

There is also a rumor that the Rogers-Brown Ore company will erect several cottages in Deerwood this summer for the use of its officers, but no official verification of this can be obtained at this time.

Former Ruler of Turkey Sent to Saloniki.

WILL NOT BE PUT ON TRIAL

Deposed Sultan Is Considered to Be Above the Law—Constitutionalists Want to Get Back Part of the Vast Sums Abdul Hamid Is Supposed to Have Abroad—American Ambassador Congratulates New Sultan.

Constantinople, April 29.—The former ruler of the empire, Abdul Hamid, is to be kept a prisoner in a large house with walled grounds on a height overlooking Saloniki, which has lately been occupied by the Italian commander of the international gendarmerie. He is not to be put on trial, as has been widely reported in Constantinople, for he is considered to be above the law.

It was thought wise to keep the deposed sultan in European Turkey, remote from the capital. His household will be administered for him upon a generous scale and his life will be safeguarded as he earnestly besought when notified of his dethronement.

Abdul Hamid, with four wives, five daughters and two of his younger sons, two eunuchs and a comparatively large number of female servants, was taken from the Yildiz palace Tuesday night and started under an escort to Saloniki.

The party proceeded by steam launches to the landing near the railway and a special train, on which they were placed, left at 3 o'clock in the morning.

The Constitutionalists would like to get back part of the great sums of money that the former sultan is supposed to have abroad, not only because the government is in need of

ABDUL HAMID.

the money, but because it is desirable that he should be deprived of the resources for another coup d'etat. Speculation places Abdul Hamid's wealth at anything between \$25,000,000 and \$200,000,000.

It was mentioned with pleasure at the palace of Mehmed V. that the American ambassador was the first of the foreign representatives to communicate his good wishes to the newly proclaimed sultan. The sultan sent him compliments and thanks to Mr. Leishman, expressing pleasure that the representative of the United States was the first to congratulate him.

The city is illuminated and general rejoicing continues.

Although there was a holiday, courtmartial were held and several of the principals in the mutiny of the troops were condemned to death. Later they were taken outside the walls of the city and shot. Prince Sabah Eddine, the nephew of the sultan, who was arrested on suspicion of being implicated in the rising, has been liberated and his release has caused a good impression.

The streets of the capital are filled with Macedonian volunteers. They are being feted by the citizens at the cafes, which are all full to overflowing. A brisk business is being done in the sale of pictures of the sultan and of miniature flags inscribed with "Liberty, Fraternity, Equality and Justice." Hodjas and Softas, who had not been seen in recent days, now are reappearing in the public places and conditions are assuming a normal aspect.

Mahmoud Scheffket Pasha, commanding the forces, in an interview intimated his intention to purify the capital of all subversive elements and to establish a salutary example to the army. He said that he would have no half measures but would thoroughly clear up the situation. For this purpose a state of siege would be prolonged for about a month, but it would be relaxed in the European quarter soon.

### Making Good.

There is no way of making lasting friends like "Making Good;" and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and is now in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no locus-poorus humbug, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for women's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nervine it is unequalled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—one to three a dose. Much imitated but never equaled.
